

Dear Parents,

We wish you and your child a very happy Summer Holiday. Summer Break is the most awaited part of the school life. It's time for parents to nurture the child. Parents you are child's first and most important teacher and you encourage their learning by participating in educational activities at home.

To utilize this time in the most constructive way, we have prepared Holiday Home Work for the students on the principle of 'Learning by doing' for his/her holistic development. It's a humble request to you all to take a positive interest as the student learns a lot by doing.

Reduce your child's screen time and DO NOT HANDOVER THE MOBILE to them, instead involve them into the following activities which will help in enhancing their various motor skills:
